Dear colleagues and business partners,

As a medical representative, the chasing of a big dream of serving the common man with quality medicines and anti-cancer drugs at affordable price was far from possible. What followed over the years has been the reward of sheer perseverance, passion, zeal and enthusiasm. This journey with its own ups and downs has reinforced my belief that 'Nothing is impossible', provided one religiously follows the core values- Focus, Quality, Unwavering Ethics, Transparency, Commitment and Customer Satisfaction, needless to say our strengths at BRAWN.

Among the fastest growing Pharma Indian multinational, Brawn has grown exponentially in the last decade and made a distinct presence across the globe with its quality products.

Our state-of-the-art manufacturing facility, equipped with the latest equipment in pharmaceutical technology, a highly professional and educated staff who work as family towards our mission and vision. A multi-tier quality control and assurance mechanism ensures that every product is a promise for better life....Our inhouse team of highly dedicated regulatory department has made the challenging task of company's entry into the global markets including the regulated ones a smooth ride.

It makes me really proud to share the news of our upcoming **US FDA and EuGMP** compliant plant at **Halol, Gujarat**. This will further boost our production capacities to serve more of humanity.

With renewed and strategic focus on **R&D**, the company has recently ventured into exclusive **R&D** setup for **API and Formulations** conforming to international standards. The **DSIR** approved facility has highly skilled scientists and doctors working on new generation molecules and innovative products, esp in the **Oncology** field.

Blending the demands of modern society with enriched Vedic sciences, the company has also spread its wings to **Ayurvedic Cosmetic & healthcare** products to provide the herbal care of best quality all across the globe. We will soon be entering domestic **FMCG** markets.

Leveraging our innate strength and with the new initiatives, I am sure we will achieve our long term business goals to be among the global leaders in pharmaceutical space in the foreseeable future.

My heartfelt thanks to all my colleagues, business partners and all the customers who believed in us and our products. Together we have and we will work for serving humanity for the better future and better life.....

**B.R. Gupta**  
Managing Director

## VISION

"To be one of the top 50, strategic & research based generic global healthcare corporation, creating value for the stakeholders by empowering people to provide quality products & services through regulatory compliance & operational excellence."

## MISSION

"To develop and market affordable research based quality generic formulations for better life all across the globe."

## CERTIFICATES

“Quality Control (QC) department manned by well qualified & experienced personnel is equipped with state-of-the-art instruments.”

## QUALITY

Brawn's Quality Control (QC) team ensures the delivery of high standard products by conducting step by step review. QC, as a center of excellence, ensures compliance and follows systematic interventions. We strongly ensure that the quality accuracy of each product manufactured by testing using state-of-the-art instrumentation & driven by the highly qualified team of experts.

## RESOURCES AND INFRASTRUCTURE

- ▶ Advanced and sophisticated instruments like High Performance Liquid Chromatography Systems (HPLC), Gas Chromatography Systems, Ultraviolet Spectrophotometer, Infra-red Spectrophotometer and others to access quality of high international standards.
- ▶ Knowledgeable and experienced staff to support and focus on key points.
- ▶ Compliance and Quality policies and procedures.
- ▶ Quality monitoring by quality assurance & self-Inspection.
- ▶ Structured IT infrastructure for data storage, backup and security.

## REGULATORY

“A highly competent regulatory team headed by an experienced professional, is capable of providing documentation support.”

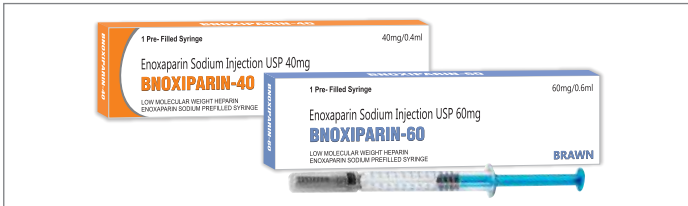

- ▶ Dossiers in **REGIONAL, ACTD & CTD** formats are available.
- ▶ More than **800** product registrations across countries of our operations.
- ▶ More than **200** products under registration.
- ▶ Plan to reach **1200** product registrations by the end of year 2024.

Dosage Form*	Production Capacity (In million) Yearly.
Tablets	840
Capsules	552
Dry Syrup Suspension	6.9
Dry Syrup Sachet	12
Oral Liquids	9
Ointments/Creams	9
Injection - Dry Powder	24
Injection - Liquid	36
Injection - Lyophilized	0.75
Injection - PFS	2.1
Eye/Ear Drops	7.5

## NEWER TECHNOLOGIES

- Brawn is one of the few Indian companies which has the technology for producing freeze dried (lyophilized) formulations and Pre filled syringe (PFS) in its manufacturing facility.

### PFS

### LYOPHILIZED

### BILAYERED

- The facility has the capability of producing bilayered tablets (tablets with two different ingredients on its two sides) and sustained release tablets, which has a dissolution profile of more than 12 hours.

## EXCLUSIVE PACKAGING

- Products from the facility can be made available in different packing styles like: Alu Alu, Blisters & Strips as per the product requirement and market needs.

### ALU ALU

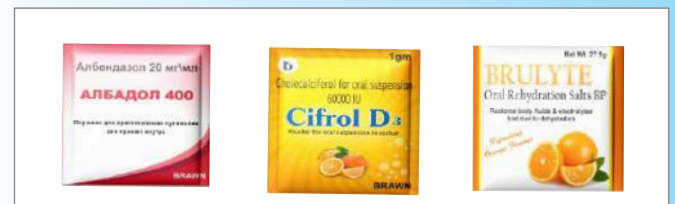

### BLISTER

### STRIP

### Sachet

# Domestic Operations

Brawn Biotech is listed on  
BSE and DSE since 1992

Covering Doctors & Retail  
Pharmacies Pan India

8 Major distribution points

## Product Basket

- ★ Critical Care Range
- ★ Ortho Range
- ★ Respiratory Range
- ★ Derma Range
- ★ Miscellaneous Range

## Institutional business

- All India Institute of Medical Science  
(AIIMS)

- Army Hospital
